CAPITAL ONE

SENIOR UI ENGINEER

May/2015 - Current

Implementing & maintaining the web user interface with AngularJS 1.x for some of Capital One's Home Loan properties including its main site and pre-qualification application.

- Contributed to improving the functionalities of the web site.
- Increased the performance of the web properties. Visitors' loading times have been cut down to several seconds.
- Provided consultation and trained new employees.
- Carry out an initial framework for unit testing the pre-qualification application.

ICROSSING

UI ENGINEER

October/2012 - March/2015

Building websites for the agency's clients such as BlueCross BlueShield of Tennessee, MitsubishiCars.com, Toyota.com, and Hilton Hotels.

- Assigned to several projects and quickly adapt to them. Dependable to complete multiple tasks for several large clients.
- Setup many projects' workflow environment from the beginning.
- Fixed bugs from existing websites and implemented enhancements that improved functionality and speed.

PUBLICIS HAWKEYE**INTERACTIVE DEVELOPER**

February/2008 - September/2012

Creating websites & emails for clients such as ThyssenKrupp Elevator, Capital One, Cablevision, The North Face, and Raising Cane's.

- Worked with multiple art directors and UI designers to make sure their ideas and visions are well implemented in the final result.
- Implemented the development of the agency's new website.
- Built websites, landing pages, and HTML emails in a rapid and quality pace.

THE CANYON NEWS**WEB & GRAPHIC DESIGNER**

November/2006 - February/2008

Built print ads for a newspaper. Lead the initiative on re-designing and developing their website.

- Established their new web presence. Improved the usability of their website.
- Volunteered as an information technology employee. Maintained the workstations and servers, production equipment and software for the office.
